### FEDERAL INCOME TAX WITHHOLDING

**The Bank of New York Mellon is required to withhold 10% of your Traditional IRA distribution for Federal income tax purposes unless you elect otherwise below.** If you elect not to have withholding apply to your distribution, or if you do not have enough Federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. If you do not elect out of withholding, **by checking the box below**, withholding will be based on the gross amount of your distribution even though a portion of your distribution may not be subject to tax (e.g., if you have made non-deductible contributions to your IRA).

**I do** want income tax withholding applied to my IRA distribution and understand that withholding will be applied at the rate of 10% unless a different withholding percentage is specified \_\_\_\_\_% (minimum of 10%).

**I do not** want income tax withholding applied to my IRA plan distribution.

(Several states require state income tax withholding. If your IRA is required in one of these states, the custodian will withhold applicable state taxes. To the extent permitted by applicable state law, an election to not have income tax withheld will also apply to state income taxes.)

- The availability of the Checkwriting Privilege is contingent upon your signature in Section 6 indicating your election to not have withholding apply to distributions made from your Dreyfus IRA using this privilege.
- Redemption checks must be drawn for at least the minimum amount stated on the checks.
- Checks will clear only if drawn against funds which have been invested for the number of days required by the Prospectus, except for wire investments.

## 6. SIGNATURE

By signing below, I certify and agree that:

I have received a current Fund Prospectus for each fund in my IRA and agree to its terms.

I understand that mutual fund shares are not deposits or obligations of, or guaranteed or endorsed by, any bank or the U.S. Government, and are not Federally insured by the Federal Deposit Insurance Corporation, the Federal Reserve Board or any other agency. There can be no assurance that any money market fund will be able to maintain a stable net asset value of \$1.00, and the net asset value of bond and equity mutual funds will fluctuate from time to time.

I hereby agree by electing the Checkwriting privilege for my Dreyfus IRA and executing this form that any check that I may draw against my Dreyfus IRA which is presented for payment shall constitute my written instruction to the custodian of my Dreyfus IRA to effect a distribution in the face amount of such check for purposes of Section (2) of the Dreyfus Individual Retirement Custodial Account Agreement. I understand that any such distribution will be reported by the custodian of my Dreyfus IRA to the Internal Revenue Service. I understand that such distributions (other than that portion of the distribution that consists of nondeductible contributions) will be subject to income tax. I hereby elect **not** to have Federal or state income tax withheld from distributions using the checkwriting privilege, regardless of the current withholding option that is listed on my account, and understand that I am responsible for payment of estimated tax with respect to such distributions. I further understand that I may incur penalties under the estimated tax rules if my estimated tax payments are not sufficient and that I should consult my tax advisor for further information. If I wish to have withholding applied to distributions from my Dreyfus IRA not using the Checkwriting privilege, I should request a regular distribution from my Dreyfus IRA and revoke any election not to have withholding applied to such distributions that are currently in place.
