The performance data quoted represents past performance, which is no guarantee of future results. Share price and investment return fluctuate, and an investor's shares may be worth more or less than original cost upon redemption. Current performance may be lower or higher than the performance quoted. Data assumes the reinvestment of dividends and capital gains, if any. Performance for periods less than 1 year is not annualized. Go to [im.bnymellon.com](https://www.bnymellon.com) for the fund's most recent month-end returns.

Historical Performance (Class I @ NAV)

[†]Gross expenses is the total annual operating expense ratio for the fund, before any fee waivers or expense reimbursements. ^{††}Net Expenses is the total annual operating expense ratio for the fund, after any applicable fee waivers or expense reimbursements. The net expense ratio(s) reflect a contractual expense reduction agreement through 9/29/2024, without which, the returns would have been lower. The Net Expenses is the actual fund expense ratio applicable to investors. Not all classes of shares may be available to all investors or through all broker-dealer platforms.

Class Z shares generally are not available for new accounts. Please see the fund's prospectus for details.

¹The total return performance figures for Class Y shares of the fund represent the performance of the fund's Class Z shares for periods prior to 9/30/16, the inception date for Class Y shares, and the performance of Class Y from that inception date. Performance reflects the applicable class's sales load and distribution/servicing fees since the inception date. Had these fees and expenses been reflected for periods prior, performance would have been different. Investors should consider, when deciding whether to purchase a particular class of shares, the investment amount, class restrictions, anticipated holding period and other relevant factors. ²Source: FactSet. Investors should consider the investment objectives, risks, charges and expenses of a mutual fund carefully before investing. To obtain a prospectus, or a summary prospectus, if available, that contains this and other information about a fund, contact your financial professional. For more information, call 1-800-373-9387 or visit im.bnymellon.com. Read the prospectus carefully before investing. Investors should discuss with their financial professional the eligibility requirements for Class I and Y shares, which are available only to certain eligible investors, and the historical results achieved by the fund's respective share classes.

³Portfolio composition is as of 3/31/2024 and is subject to change at any time.

Risks: **Equities** are subject to market, market sector, market liquidity, issuer, and investment style risks, among other factors, to varying degrees. Investing in **foreign denominated and/or domiciled securities** involves special risks, including changes in currency exchange rates, political, economic, and social instability, limited company information, differing auditing and legal standards, and less market liquidity. These risks generally are greater with emerging market countries. **Small and midsize company stocks** tend to be more volatile and less liquid than larger company stocks as these companies are less established and have more volatile earnings histories. **Socially responsible portfolios** can limit the number of investment opportunities available to the portfolio which may produce more modest gains than portfolios that are not subject to such special investment considerations.
