Goal/Approach
The fund seeks as high a level of income exempt from federal and Pennsylvania state income taxes as is consistent with the preservation of capital. To pursue its goal, the fund normally invests at least 80% of its net assets, plus any borrowings for investment purposes, in municipal bonds, the interest from which is exempt from federal and Pennsylvania state personal income taxes. The fund also may invest in municipal bonds that are exempt from federal income taxes, but not Pennsylvania personal income taxes, and in taxable bonds.

1Before the fund commenced operations on 10/2/00 (fund inception date), substantially all of the assets of a predecessor common trust fund (CTF) that, in all material respects, had the same investment objective, policies, guidelines and restrictions as the fund were transferred to the fund. The performance figures presented represent the performance of the predecessor CTF from its inception date (1/1/87) through 10/1/00, adjusted to reflect the fund's fees and expenses, by subtracting from the actual performance of the CTF the expenses of the fund's class M shares (net of any fee waivers and expense reimbursements), and the performance of the fund's Class M shares thereafter. The predecessor CTF was not registered under the Investment Company Act of 1940 and therefore was not subject to certain investment restrictions that might have adversely affected performance. 2Portfolio composition is as of 06/30/2019 and is subject to change at any time. 3Average Effective Maturity is the weighted average of the effective maturity dates of the fixed-income securities in the fund's holdings. 4Average Effective Duration is used to measure the market price sensitivity of the fund's portfolio holdings to changes in interest-rates. 5Performance figures may reflect reimbursements or fee waivers, without which the performance would have been lower. 6Represents the CTF Inception Source: FactSet.
