The performance data quoted represents past performance, which is no guarantee of future results. Current performance may be lower or higher than the performance quoted. Go to dreyfus.com for the fund's most recent month-end returns. Yield fluctuates. SEC 30-day yield is based upon dividends per share from net investment income during the past 30 days, divided by the period ended maximum offering price per share and annualized.

As a measure of current income, 7-day yield more closely reflects the fund's current income-generating ability than the total return.

The yields quoted reflect the current absorption of certain fund expenses by BNY Mellon Investment Adviser, Inc., without which yields would be "restated" as shown above.

Portfolio composition is subject to change at any time.

2 Please see the prospectus for expenses as of the fund's most recent fiscal year-end. Operating expenses may vary from month to month.

3 Any order in proper form placed with BNY Mellon Investment Adviser, Inc. by the fund's trading deadline and for which federal funds are received by 6:00 PM ET will be effective on that date. Investors will earn the dividend declared on that day.

4 Data reflects days until final maturity for individual portfolio securities.

5 WAL is the WAM of the money market fund calculated without reference to the "maturity shortening" provisions of Rule 2a-7 permitted for purposes of calculating WAM. Because WAL does not reflect the rule's "maturity shortening" provisions, WAL will generally be higher than WAM.

6 Monthly yield history is the annualized distribution rate that is based upon dividends per share from net investment income paid during the period, divided by the period ended maximum offering price per share, adjusted for capital gains (IF ANY) distributed during the period, and annualized based upon the number of days in the distribution period.

Although, the fund's board has no current intention to impose a fee upon the sale of shares or temporarily suspend redemptions if the fund's liquidity falls below certain levels, the board reserves the ability to do so after providing at least 60 days' prior written notice to shareholders.

Dividends, if any, are payable pursuant to the fund's stated policy.
