

# BNY Mellon Income Stock Fund

Sep 30  
2018

Class I BMIIX    Class Y BMIYX

*Goal/Approach*

The fund seeks total return (consisting of capital appreciation and income). To pursue its goal, the fund normally invests at least 80% of its net assets, plus any borrowings for investment purposes, in stocks. The fund seeks to focus on dividend-paying stocks and other investments and investment techniques that provide income. The investment adviser chooses stocks through a disciplined investment process that combines computer modeling techniques, fundamental analysis and risk management.

The performance data quoted represents past performance, which is no guarantee of future results. Share price and investment return fluctuate and an investor's shares may be worth more or less than original cost upon redemption. Current performance may be lower or higher than the performance quoted. For funds with less than 1 year's history, year-to-date and 3-month performance are not annualized. Go to dreyfus.com for the fund's most recent month-end returns. Total Expense Ratios: Class I 0.85%, Class Y 0.81%.

<sup>1</sup>The total return performance figures for Class I and Y shares of the fund represent the performance of the fund's Class M shares for periods prior to 5/31/16, the inception date for Class I and Y shares, and the performance of Class I and Y, respectively, from that inception date. Performance reflects the applicable class' distribution/servicing fees since the inception date. Investors should consider, when deciding whether to purchase a particular class of shares, the investment amount, class restrictions, anticipated holding period and other relevant factors. <sup>2</sup>Portfolio composition is as of 9/30/18 and is subject to change at any time. <sup>3</sup>Performance figures may reflect reimbursements or fee waivers, without which the performance would have been lower. <sup>4</sup>Source: FactSet. The Dow Jones U.S. Select Dividend Index is defined as all dividend-paying companies in the Dow Jones U.S. Index, excluding REITs, that have a non-negative historical five-year dividend-per-share growth rate, a five-year average dividend coverage ratio of greater than or equal to 167%, paid dividends in each of the previous five years, non-negative trailing 12-month earnings-per-share (EPS), a float-adjusted market capitalization of at least US\$1 billion, and three-month average daily trading volume of 200,000 shares. Investors cannot invest directly in any index.
