Risks

Equities are subject to market, market sector, market liquidity, issuer, and investment style risks, to varying degrees. There is no guarantee that dividend-paying companies will continue to pay, or increase, their dividend. **Bonds** are subject to interest-rate, credit, liquidity, call and market risks, to varying degrees. Generally, all other factors being equal, bond prices are inversely related to interest-rate changes and rate increases can cause price declines. **Municipal income** may be subject to state and local taxes. Some income may be subject to the federal alternative minimum tax for certain investors. Capital gains, if any, are taxable.
