

**Important Information Regarding Your  
2018 Dreyfus Form 1099-DIV:**

Dreyfus Diversified Emerging Markets Fund,  
Class C

Dreyfus Emerging Markets Fund, Class C

For the tax year ended 2018, certain classes of shares of the above-listed funds were able to pass through to their shareholders a credit for foreign taxes paid by each fund, which may result in a tax benefit to most shareholders who are U.S. taxpayers. Therefore, shareholders of the above referenced funds who normally would not have received a 2018 1099-DIV, because the funds did not pay an ordinary income dividend or short term capital gain, will receive a Dreyfus Form 1099-DIV (enclosed), on which Box 1a/Box 1b and Box 7 will show the total foreign tax credit amount.

Under the Federal tax laws, you may be entitled to a tax credit or deduction. If you have any questions, please refer to the Dreyfus 1099-DIV section of the enclosed pamphlet/booklet, or call Dreyfus at the number listed on your tax forms. We also urge you to call your tax professional for instructions on how to enter this information on your 2018 tax return.
